

PRE-SEASON RACING SPECIAL STRS - THE PERFECT SHORT TRACK RACING SYSTEM

The **STRS Racing Communications System** is perfect for tracks up to ½ mile. It works with the ICOM IC-4088A FRS License Free Radio, which is included in our **Pre-season Special Package**.

The Panther Electronics **STRS Two-way Radio Racing Communications System** can be upgraded to the Racing Champion III Two-way Radio Communications System by adding the **ICOM F11 or F21 Five Watt 2 or 16 Channel Radios** for use at Tracks over ½ mile or on Road Courses.

**STRS Short Track Racing System Features
ICOM 14 Channel FRS Radios**

FOR THE DRIVER:

- ◆ Car Harness with Coil Cord for ICOM Radios.
- ◆ Helmet Kit including noise-canceling Microphone.
- ◆ Foam Ear Pieces.
- ◆ Velcro mounted push to talk button.
- ◆ IC-4088 14 channel two-way radio.
- ◆ Leather Case for mounting in the Race Car.

FOR THE CREW CHIEF:

- ◆ **AVCOM NOISE CANCELING HEADSET** includes PTT Button on the Ear Cup and a Noise-canceling Microphone.
- ◆ Coil cord for ICOM Radios (**ICOM IC-4088, 11, and F21**).
- ◆ **IC-4088** 14 channel Two-way Radio with belt clip.

Racing Champion III pictured above uses the Same **RUGGED** Accessories as the STRS Racing System. The only Difference is the **5 Watt 2 or 16 Channel ICOM Radio**
