

# MILLENNIUM DESK TOP IN BAND REPEATER MODEL 2001-MIL (PAN DESK TOP REPEATER)

Millennium Desk Top In Band  
Repeater with Desk Microphone

The Millennium Desk Top Repeater is the Lightest Heavyweight Two Way Radio Repeater in the World. It weighs a mere **FIFTEEN AND ONE HALF POUNDS** including the AC Power Supply and Duplexer. The Millennium Repeater delivers 45 watts VHF and 35 watts UHF to the Duplexer. A built-in Cooling Fan and Ducted Air-flow allows the transmitter to perform with a 100% Duty cycle. The Millennium is also fully redundant. In case of a transmitter failure, providing that the transceivers have been **CROSS PROGRAMMED**, all that is required to switch transmitters is to change Channels and Switch the Control Cables.

## OTHER FEATURES
